

Reminder: Monday, June 22 is our last day of school. It is a shortened day with dismissal at 1:17. Friday, June 19 is also a shortened day with 1:17 dismissal. Parents are welcome to join us on Monday, June 22, 9:05 am around the flagpole (weather permitting) as we end the school year the way we started by coming together for the pledge, moment of silence and then our traditional

farewell as a community to our amazing 5th graders! Please join us if you can. Thanks for a great year!

### **Summer Fun**

- Besides having fun playing outdoors, swimming, fishing, catching fireflies, travelling with family members, we encourage our students to read, read, read all summer. Please be sure to visit the Public Library and check out our school website to keep in touch with all summer reading happenings.
- Make sure to also complete your summer math packet which may be found as a link on the district website. If you prefer to have us send you a hard copy, please call the school office by this Friday, June 19.

### **Time Capsule**

**2039**

As you may know, last fall we opened a time capsule buried in the wall of our music room back in 1989. Recently we re-buried those contents and added contents from the 2014-15 school year. The new time capsule will be opened in 2039. Mark your calendars and plan to come back. In the meantime, enjoy the pictures on page two taken earlier this month as our 5th graders watched the burying of the 2014-15 time capsule!

Above left—items for the time capsule from 1989 and 2014 are on display at our celebration of learning. All current K-5 students submitted an item for the 2039 time capsule.

Above right—You will see the hole in the wall in our music room where the time capsule is buried.

To the right-All 5th graders point to the hole where the items will be stored for 25 years. Who amongst them and our other current students will return in 2039? What will they be up to? Greatness, no doubt!!

Items, placed in boxes and then plastic bags are dropped in the wall to be sealed until 2039! Pictured to the left is Mr. Bob Borello, 1989 Time Capsule Coordinator, who taught 6th grade at Bowers back then. We thank him for being the inspiration behind this project and coming back 25 years later to share the 1989 time capsule and help us create and bury our 2014 time capsule—50 years of Bowers student items will be dug out in 2039. Will you be here for that?

Have a safe and happy summer!  
Back to School on Thursday, August 27th!
