

A DAY AT THE ZOO

The students in Mrs. Wright's room had just finished a unit on all of the animals in the zoo. They read about lions, tigers, bears, giraffes, [and/ got/ fat] all the other animals that could [put/ on/ be] found in a zoo. One day, Mrs. Wright [asked/ past/ have], "How would all of you like [to/ up/ is] go to a zoo to see [was/ the/ not] animals that we have been talking [waste/ about/ quite]?" The students were excited. They had [other/ thank/ never] been to a zoo before.

The [next/ pull/ that] week, the students followed Mrs. Wright [many/ onto/ ally] the school bus that would [take/ real/ upon] them to the zoo. They rode through [you/ were/ the] city to the gates of the [zoo/ low/ run]. The first thing they saw when [other/ they/ oven] walked through the gates were huge turtles sitting [on/ out/ tap] the grass. The turtles were so [lot/ yet/ big] that some of the smaller kids [could/ rave/ wonder] sit on the turtles.

Next, the students [place/ given/ went] to the area where the bears stayed. [There/ Father/ Waste] were rocks and trees in the [even/ open/ wait] area that the bears could climb [is/ on/ so]. The students watched the bears playing [is/ of/ in] the water, splashing it with [their/ know/ heart] paws.

The students then went to [lack/ were/ the] area where the tigers stayed. The [rather/ wreck/ tigers] had big muscles that flexed every [just/ time/ wait] they moved. The students watched [in/ or/ is] awe as the tigers chewed

on [or/ on/ a] bone from a big animal. The students [went/ flat/ rail] by the areas where the elephants [lay/ out/ top] in the grass and the giraffes nibbled [put/ you/ on] leaves.

At last, the students came [or/ to/ on] the area where the lion lived. [The/ Joy/ Eat] lion was their favorite animal. As [had/ the/ rat] kids got to the lion's den, [late/ pear/ the] lion began to roar. The students [were/ that/ upon] excited to hear the big roar [or/ is/ of] the lion.

Before the class left [cot/ hat/ the] zoo, Mrs. Wright took them to [the/ had/ run] snack bar. This was the students' most favorite [gather/ place/ watch] of all! "Mrs. Wright," said one [of/ in/ to] her students, "it is fun to [lot/ see/ run] the bears and turtles and tigers [put/ and/ the] lions. However, the most fun thing [to/ up/ or] do is eat!" The students thought [plate/ open/ that] coke, candy, and popcorn was the [post/ best/ meat] way to end a day at [yet/ the/ west] zoo.
