The Manchester Board of Education welcomes public comment on the SMARTR Committee's recommendations for improving elementary school facilities.

The SMARTR Committee's full report and recommendations are available on the homepage of the Town of Manchester website.

The Board of Education has already approved and recommended last spring to the Board of Directors the renovation of the Cheney building to house grade five at the Bennet Academy complex

The SMARTR Committee's additional recommendations include:

- Renovation like new of two larger elementary schools to accommodate 530 students in grades K-4.
- The closing of two elementary schools
- The investment of funds to upgrade the remaining elementary schools
- Accomplish all these improvements by 2020
