### **Iling Middle School's Pennies for Patients – A Capital Success!...**

*Iling Middle School's first ever Pennies for Patients campaign to collect donations for the Leukemia and Lymphoma Society in honor of Gavin Morris (grandson of former middle school science teacher Buzz Wooldridge) collected an incredible \$1109.96 in its recent drive.*

Students were encouraged to bring in loose change to help benefit children battling blood cancers. Some also got their parents to help by holding collections at work. A few teachers also pitched in with matching funds.

*The winning classrooms that collected the most money and earned pizza parties were Mrs. Lesisiko's homeroom and Mrs. Schneider's homeroom.*
