
The Five Components of the Family Resource Centers

1. **Family Engagement**
   We partner with our schools, other FRCs, and community agencies to support family development. We do this by providing workshops and fun, family events.

2. **Outreach**
   We participate in events hosted by our community partners to bring resources and information to the public.

3. **Playgroups**
   We facilitate playgroups that align with the CT Early Learning Development Standards. We utilize the ASQ Developmental and Social Emotional screening tool. We accept children ages birth to 5 from their home school district.

4. **Positive Youth Development**
   We offer a range of recreational and educational opportunities during the before or after school hours for students in grades 4-5. Students are provided a chance to discuss issues that are important to them in a safe, non-biased, non-judgmental environment.

5. **Resource and Referral**
   We are a primary resource and referral for matters pertaining to the well-being of the child, family, and school community.

Don't be shy! Reach out today and find out how we can partner with you and your family!

Manchester Public Schools

Pride In Excellence

Our Mission

The Family Resource Centers support and uplift the school-family-community partnership, by providing a broad base of educational and supportive programs. Our success in fulfilling our mission hinges on positive and healthy community and family relationships. In delivering our services, we work closely with schools, social service agencies, and our community partners.
