Room 25

Classroom News 9/19/16 – 9/30/16

It has been a very exciting week in room 25! The children have been exploring their new classroom, engaging in exciting activities and interacting with many new friends! We have started to follow a consistent routine which has helped the transition go smoothly. Next week we will look a little different for the children with longer days but we have started to talk about that this week to prepare.

Next week in the classroom we will begin to work on creating a community in our room which will include writing classroom guidelines together, reading various books about how to be a good friend, and continue to explore the classroom and learning the routine of being in school. The children have also had the opportunity to experience specials this week (for a shortened time)!

Left: Elayna & Randi work together creating a tower in the block center.

Above Left: The children used the parachute in gym class on Wednesday with Miss P.

Above Right: Children used various materials to create collages in the art

Reminders: Please make sure your child has an extra change of clothes at school and a small blanket for nap time.

Curriculum Corner

At the beginning of the school year, Manchester Public Schools rolled out a new curriculum throughout all of the Preschools. We began implementing this curriculum by looking at our environment. Our goal was to create a warm, welcoming, open environment for children to feel safe to explore and learn.

Above: To left you will see the art center, materials are out in the open for the children to access at any time. To the right is the science table with materials from nature for the children to explore.
