## Bowers' Family Resource Center Update!...

### ***Bowers' Family Resource Center holds monthly lunch bunch with 4th and 5th graders.***

Latasha Turnquest has been running this group all year, and has created a learning environment that is student directed! In the beginning of the year, Latasha had music playing, and guided various topics of conversation, as well as various words games on the board. Eventually she was able to hand over the running of these games and conversations over to the students. The lunch bunches now lead discussions and games. Overall it has been a huge success and a wonderful demonstration of student led activities!!
